RE: Letter of Recommendation

Dear Mr. Evangelista:

I understand United Lawnscape, Inc. may be considered for A Marsh View Park project. I have been contracting with Landscape Contractors for over 45 years. United Lawnscape has been second to none. Actually, far superior to most. They have always met the most aggressive schedules and always maintained premium quality. Taking care of plant warranty has never been an issue.

Their most recent projects with us were the Harper Woods High School athletic field and the Plazzo Grande banquet hall. They have the contract for the New Haven Middle School now under construction.

We would highly recommend them for any project.

Sincerely,

Lester Gilbert  
CEO
